Nomination of Bérénice JOND for YFJ elections 2014

Dear President,

The Cnajep hereby declares to nominate Bérénice JOND as regular board member for the YFJ Board 2014.

The last years have proven that CNAJEP is strongly involved in its work at European level. Working with the European Youth Forum and several member organizations on youth employment, getting involved in the League of Young Voters and developing our Structured Dialogue actions need to continue. Involved in the education working group for the current mandate, we wish to develop even more our commitment to the platform. Being candidate to the board conveys our wish to do so by working closely with other member organizations and the secretariat to promote youth rights and youth participation.

We feel confident about Bérénice's ability to play such a part in the European Youth Forum considering her various experiences in youth organizations at different levels. Her knowledge of youth policies and her experience in capacity building make her a great candidate for the position of board member.

During the past year and a half, Bérénice JOND was representing CNAJEP and she was devoting herself to fight for youth right and youth organizations. We are convinced that she will be a valuable asset for the position and we want to recommend her to the General Assembly.

Best regards,

Irène PEQUERUL
Présidente
